All of these settings are super easy to use, affordable, and have the feature where you can load your favorite songs onto them. You can have them play in your bathroom or laundry room for hours on end. They come in tons of colors with different speakers, so you'll be sure to find your perfect match. These speakers are very lightweight so they aren't intrusive on whatever surface you place it on. This is a great option if you are searching for something inexpensive but don't want to sacrifice quality or style when it comes to audio playback!
